

# Pro Wrist Brace

**DCT-3916** The Trend Pro Wrist is a multipurpose upper extremity orthosis that provides hand and wrist support. The Trend Pro Wrist is a progressive pain management solution for pre-, post-, and non-operative hand and wrist issues, including carpal tunnel syndrome.

## **Precision ROM Dial**

Allows providers ultimate control in setting flexion or extension to optimize patient recovery and reduce median nerve pressure

**Highlights** • Clinically tested to immobilize and restrict hand/wrist movement • Clinically tested to provide support and stabilization • Clinically tested to reduce median nerve pressure • Can be set in flexion, extension, or full range of motion

**Indications** • Carpal tunnel syndrome • Tendonitis • Wrist immobilization • Distal radius fracture • Mild to moderate sprains and strains • Post cast healing • Rheumatoid arthritis

## **Maximum Comfort**

Trend TX2 Dual Quick-Lace Compression design and Trend TX2 Moisture Wicking Neoprene Sleeve maximize patient compliance

PDAC Approved: L3915/L3916
