

# Cranberry/d-Mannose

Dual support for urinary tract health<sup>†</sup>

## INDICATIONS

- Ages 18 and up
- Urinary tract health support<sup>†</sup>

## BENEFITS

- Provides urinary tract support<sup>†</sup>
- Enhances the acidity of urine and maintains a healthy urinary tract ecology<sup>†</sup>
- May support healthy genitourinary function by maintaining a healthy mucosal surface<sup>†</sup>

## FEATURES

- Made in a proprietary process from 100% whole cranberry fruit solids without the use of solvents or sugars
- Protects cranberry's bioactive principles with a natural fiber matrix
- Made with high-quality vegan ingredients backed by verifiable science

## VERIFIABLE SCIENCE

Cranberry concentrate provides urinary tract support without the unwanted sugar found in cranberry juice or juice cocktails. It enhances the acidity of urine and maintains a healthy urinary tract ecology.<sup>1</sup> At Brigham and Women's Hospital in Boston, a randomized double-blind, placebo-controlled trial involving over 150 female volunteers reported positive support for a healthy urinary tract after administration of a cranberry beverage.<sup>2</sup> d-Mannose, a simple sugar found in cranberries and other fruit, is included in this formula to provide enhanced support.<sup>3</sup> One study suggested that d-Mannose may play a role in supporting healthy genitourinary function by maintaining a healthy mucosal surface.<sup>4</sup>

## SUGGESTED USE

As a dietary supplement, take 2 capsules, 1-3 times daily, with or between meals.

## STORAGE

Store in a cool, dry place.

## WARNING

If you are pregnant or lactating, have any health condition or are taking any medication, consult your health professional before use.

## SOURCE

- Cranberry extract is made in a proprietary process from 100% whole cranberry fruit solids without the use of solvents or sugars. It is made in a patented process designed to concentrate and protect the bioactive principles of cranberry with a natural fiber matrix, which helps to facilitate their transportation to the lower intestine without being destroyed by gastric acid
- d-Mannose is sourced from glucose from corn dextrose fermentation
- Ascorbyl palmitate is derived from corn dextrose fermentation and palm oil

## NOTES

Size 00 caps

Bottle count 90, 180

Order codes CRD9, CRD1

Bottle size 290 cc, 20 oz
