

EyeProtect Basics[†]

Antioxidant support for macular health, offered in versions with and without zinc[†]

INDICATIONS

- Ages 18 and up
- Eye health and vision support[†]

BENEFITS

- Supports healthy vision and the integrity of the eye[†]
- Helps maintain the health of the retina and macula[†]
- Offers support for photoreceptor health and color vision[†]

FEATURES

- Contains clinically researched levels of these nutrients in optimally bioavailable forms
- Offered in versions with and without zinc
- Made with high-quality vegan ingredients backed by verifiable science

VERIFIABLE SCIENCE

EyeProtect Basics[†] contains the key antioxidants vitamin C, vitamin E, zinc, copper, lutein and zeaxanthin to support healthy vision and the integrity of the eye.¹ A large randomized, double-blind, placebo-controlled clinical trial involving 3,600 individuals indicates that these nutrients are critical to maintain the health of the retina and macula.² EyeProtect Basics contains clinically researched levels of these nutrients in optimally bioavailable forms. Lutein and zeaxanthin are the two major carotenoids stored in the macula, the central part of the retina. They support retinal health by promoting the integrity and density of the macular pigment, acting as antioxidants and light filters to protect the ocular tissue.³ Clinical trials indicate that the combination of lutein (10 mg/d) and zeaxanthin (2 mg/d) supports macular pigment density, color distinction capacity and recovery from light-induced stress.^{4,5} The formula is offered in versions with and without zinc.[†]

SUGGESTED USE

As a dietary supplement, take 2 capsules daily, with a meal.

STORAGE

Store in a cool, dry place.

WARNING

If you are pregnant or lactating, have any health condition or are taking any medication, consult your health professional before use.

SOURCE

- Vitamin C is derived from corn dextrose fermentation
- Ascorbyl palmitate is derived from corn dextrose fermentation and palm oil
- Vitamin E is derived from highly purified soybean oil
- The soy protein portion has been removed
- Zinc and copper are derived from elemental ore
- Citrate is derived from corn dextrose fermentation
- Lutein is derived from marigold flower extract
- Glycinate and zeaxanthin are synthetic
- Hypo-allergenic plant fiber is derived from pine cellulose

NOTES

Size 00 caps

Bottle count 60

Order codes EPB6, EPB26 (without zinc)

Bottle size 190 cc

EyeProtect Basics[†]

Antioxidant support for macular health, offered in versions with and without zinc[†]

SUPPLEMENT FACTS

2 capsules daily, with a meal.

Two (size 00) vegetarian capsules contain:

Vitamin C (as ascorbic acid)	500 mg
Vitamin E (as d-alpha tocopherol succinate)	268 mg
Zinc (as zinc citrate)	25 mg
Copper (as copper glycinate)	2 mg
FloraGLO [®] lutein	10 mg
Zeaxanthin	2 mg

Other ingredients: hypoallergenic plant fiber (cellulose), vegetarian capsule (cellulose, water), ascorbyl palmitate

*FloraGLO is a registered trademark of Kemin Industries, Inc.

Zeaxanthin is sourced from OPTISHARP[®] brand. OPTISHARP[®] is a trademark of DSM.
